Objective

Motivated third-year software engineering student at Addis Ababa Institute of Technology, seeking to leverage programming skills and project experience in a dynamic software development environment.

Education

Addis Ababa Institute of Technology

Bachelor of Science in Software Engineering

Expected Graduation: [July, 2027]

GPA: [3.48]

Skills

- Programming Languages: Python, Java, JavaScript, HTML, CSS
- Web Development: React, Node.js, Bootstrap
- Database Management: MySQL, MongoDB
- Version Control: Git, GitHub
- Problem Solving and Analytical Skills

Projects

1. **Personal Portfolio**
 - Developed a personal portfolio website to showcase skills, projects, and experiences.
 - Utilized HTML, CSS, and JavaScript for front-end development, ensuring a responsive design.
2. **Tourism Website Development**
 - Collaborated with a team to create a tourism website aimed at promoting local attractions.
 - Implemented features such as user registration, booking systems, and interactive maps using React and Node.js.
3. **Sports Website Development for Campus**
 - Designed and developed a sports website for campus events and news updates.

- Integrated a content management system for easy updates and utilized MySQL for backend data storage.

Extracurricular Activities

- Member of the Software Engineering Club at Addis Ababa Institute of Technology.
- Participated in hackathons and coding competitions.
